IN BREVE Tutti concentrati per il TIRE TECHNOLOGY di Hannover dal 19 al 21 marzo. Tante soluzioni innovative per il comparto della calandratrice e della mescolazione della gomma con la presentazione dei nostri nuovi dispositivi brevettati **TWINFLEX®** e **FASTEEL®** a supporto di una sempre maggiore effettiva efficienza produttiva e di processo. In corso di svolgimento il piano a 360° di formazione interno "TEAM COACHING" con una partecipazione di tutto il personale dell'azienda: **SQUADRA**, **FIDUCIA** e **RESPONSABILITA'** sono le tre parole chiave emerse da tutti i gruppi di lavoro.

COMERIO ERCOLE REVOLUTIONARY STEEL WIRE THREADING CONCEPT COMERIO ERCOLE is gearing up for TIRE TECHNOLOGY exhibition that will be held in Hannover on next March 19-21. We will showcase our revolutionary product **FASTEEL®**, highlighting its innovative features and benefits. This system is designed to drastically reduce setup time and enable operators to manually insert steel cords into the grooves of guiding and pressure rolls while the calender line continues running. The team is excited to share insights and demonstrate how **FASTEEL®** is set to redefine standards in the market. Stay tuned for an exclusive preview of what makes us a standout presence at the exhibition. [You are welcome at our Booth 8006 Hall 21](#)
